To meet the demand for a tasteless Chill Toxic and to satisfy the friends of the old and reliable I-X-L Chill Cure, who have asked that we make it more agreeable to the taste, we have decided to place on the market a tasteless Chill Cure to be known as

# TASTELESS I-X-L CHILL CURE.

However, we do not intend to abandon the original I-X-L CHILL CURE, so well and favorably known throughout Texas and Louisiana, but will continue to put it up in its old and familiar style, white wrapper printed in black with red border.

While TASTHLESS I-X-L CHILL CURE differs from the original to some extent, the therapeutic effect is the same when taken in connection with I-X-L PILLS.

We have succeeded in making TASTELESS I-X-L CHILL TONIC so agreeable to the taste that children clamper for it. It is put up in same sizes as the original, 50 and 75 cents, using a yellow wrapper printed in black. ALL DRUGGISTS.

Wholesale, H. W. Williams & Co., Fort Worth, Tex.

### ROUND-UPS.

Cattle in Kansas Being Rushed to Market on Account of the Drouth.

Government Agents Meet with Difficulty in Getting Range Cattle Statistics-General Cattle News-

A private letter from Greenwood county, Kan., gives a gloomy account of agricultural conditions there, and both farmers and stockmen are despondent over the outlook. Greenwood county, strictly speaking, is a stock county where thousands of head of beef cattle are fed every year, but there is a large acreage given up to corn raising. This year the protracted drouth has rendered the corn crop an absolute failure. and to make matters worse, water is now getting scarce there. These conditions are not confined to the one county in Kansas, but from all over the state and down into the Indian Territory comes the same complaint-"No rain, corn crop a fallure and water getting scarce. "

One of the results of this, says the letter referred to, is that stockmen without regard to the condition of their cattle. re shipping them to market as fast as they can, it being evident that they cannot afford to hold them over until spring at the prices corn is bound to command

in view of the short crop.

As it is in Kansas, so it is in other feeding states. The corn crops are failures, and poor cattle are teing rushed to market by the thousands, as is evidenced by the enormous receipts at Chicago and other points. Is it any wonder, then, that prices have been so low for weeks past, and is there any hope that they will be any better as long as the rush of poor cattle to the markets continues? There is a lesson in all this that Texas

cattlemen should study well and profit by. There will be no money to them in shipping cattle now, and as the rush from Kansas, the Territory and other sections will be so great as to create an inevitable shortage in the spring, it would be well if the movement from Texas could be stopped short right now, Texas can carry her cattle with less trouble than any over section. It is true that in parts of the state the dry weather has impaired the rauge, but in the Panhandle, in portions of the west and in the southern portions of the state good seasonable rains have fallen, crops are good and the grass still in fair condition-good enough to carry cattle through in first-rate shape if rains come again in a few weeks. In this immediate vicinity the crops have failed, but when compared with other sections where rains have been seasonable the dry belt amounts to but little.

To rush cattle to market now means a loss; to hold them until there will be a demand for them (in the spring) means a profit to those who have foresight enough to bold them. Dropping prices, as a general thing, creates a stampede among shippers when it is well known that it is foolish to ship cattle on a falling market, especially if the cattle can be held. The man who has cattle to-day and will hold them until the demoralization is over as the man who will reap the benefits.

LIVESTOCK CENSUS.

Agents on Account of Iti Founded Suspicious Meet With Many Difficulties.

The department of the interior, in order to secure reliable figures as to the number of range cattle in the United States, appointed a special agent for that purpose. who was vested with authority to appoint sub-agents to them assigning certain territory in which to work. These subagents have now been at work for some Syrup and Sugar Chill Cure. with considerable trouble on account of cattlemen declining to give information as to the number of cattle they own. Cattlemen appear to believe that the government has a sinister motive behind this movement, and for that reason withhold information that when made public in a general report will be valua-

ble to every cattleman in the country.

In view of these troubles met by the special agents the department has issued the following circular by which stockmen will see that they have nothing to lose by giving the fullest information as to the number of cattle they own.

DEPARTMENT OF THE INTERIOR.

DEPARTMENT OF THE INTERIOR, CENSUS OPPICE, WASHINGTON, June 20, 1890.

SIR-Mr. J. G. McCoy, of Wichita, Kan., has been appointed, in compilance with law, as special agent of the census office for the collection of statistics of livestock on the ranges. Buder the supervision of the special agent in charge of agriculture. He desires to obtain a full and reliable statement of the present status of this important industry, and solicits the co-operation of all persons to whom this circular may come. Cattlemen and others are horeby assured that their answers to the questions upon the schedules which may accompany this or be presented by special agents working under Mr. McCoy will be held strictly considential, and will not be disclosed to any unauthorized person whomsoever.

soever.

Special agents and enumerators are sworn officers of the government, and severe penalties are imposed by law for a violation of their obil-

The data will not be used by this office as the has of any system of taxation, or in any way to affect adversely the interests of cattlemen or others. No publication will be made in the census reports which will disclose the names and operations of individuals. Very respectfully,

ROSENT P. PORTER,
Superintendent of Census.

Mr. McCoy has appointed to do the work contemplated in Texas Mr. W. B. Stickney of Heurietta, and that gentleman has been in the field for some time. As a general thing he has been successful, but in a great many instances he has absolutely failed to get information that should be given him. He will be among the cattle from now on until he has done the work assigned him, and cattlemen by referring to the above circular will see that they have no cause to refuse to give him such information as the department of the interior desires.

Cattle Dying in Mexico.

Stockmen in northern Mexico are considerably discouraged over the loss of cattle suffered during the past few weeks. The senson has been an unusually bot and dry one, and the results have been very disastrous to those stockmen who have been depending upon the summer feed to carry them through. Hundreds of head have died and thousands more will perish unless the rain comes soon. Water is scarce as well as feed, which makes the situation much worse, as the stock have to range off for miles in search of food, and then come all the way back to drink. The question of moving the cattle is now an impracticable one, as they are too poor and weak to stand the extra travel.

Western ranchmen report that all through New Mexico, Arizona, some parts of Colorado, and also in Old Mexico, no rain has fallen for months, and thousands upon thousands of range cattle are lying dead in the parched valleys, and thousands more are dying for the want

of grass and water. The extreme drouth of this year in this country has dried up the grass like powder, and what little water there is is so remote from the grazing districts that the cattle cannot make the necessary connections between the two, and so perish. A newspaper correspondent reports that in riding over the Arizons and New Mexico railway, a narrow gauge connecting an extensive copper mining district in Arizona with the Southern Pacific in New Mexico, he counted 1000 of these dead cattle lying along the track in a distance of two miles, and that only on one side of the road. Water and grass are also dried up to a great extent in the celebrated Pecces valley in New Mexico, the whole valley being strewn with dead cattle. Range cattle are being shipped to the Kansas ranches, where there is plenty of grass and water, as fast as cars to transport them can be obtained .- [Chicago Farmers' Review.

Cattle and Dairy Exports.

From the advance statement of the exports of cattle and hogs and their products and of dairy products, submitted to the secretary of the treasury by the acting chief of the bureau of statistics, the following figures are taken: Total value of cattle exported for the year ending June 30, 1889, \$16,118,309; for the corresponding period ending June 30, 1890, \$29,993,082; an increase this year of \$13,874,773. The beef and hog products reach a total of \$78,558,649 for the eight months ending June 30, an increase over the corresponding period last year of \$14,138,892 Dairy products show an increase of \$231,393 for the two months of this year ending June 30 over the same period last year. The increase of our total exports of beef, hog and dairy products for the six months ending with June, over a similar period in 1889, is \$9,845,192. Rather "healthy" creases these. Our exports of breadstuffs during the past year reached in value a total of \$150,690,033, an increase of upwards of \$30,000,000 on the preceding twelve months. America evidently needs the "markets of the would" in addition to her "home market.

Hors for Mexico.

As an evidence of what kind of trade with Mexico could be built up in Texas if farmers would give their attention to hog raising the business alone in that line at Kansas City is given: The Missouri, Kansas and Texas during the month of July took 155 double decked cars of hogs for the City of Mexico. Kansas City has a large trade in hogs in the sister republic, where they are slaughtered. The customs charges are very light, \$10 covering them on a single car, including brokers' fees at Eagle Pass. On two cars the charge is \$16, and on additional cars \$1 each.

Sheep in California.

Sheep are getting scarce on the Pacific slope, and the indications are good for big prices. A San Francisco paper say that well informed wholesale dealers and slaughterers inform us that there is a probability that good mutton will touch nine cents before Christmas. The reason is the great decrease in sheep available for butchers' uses in every part of the coast, owing to the winter and the heavy sales both in the North and South to Eastern buyers. Every sheepman who has any good wethers or barren ewes to sell has no difficulty in finding a buyer at almost his own figures. Of twovenr-old, hardy wethers there is hardly a decent flock in the hands of the breeders.

Call on C. T. Matkin, agent South Side Drug Company, who handles the three well known and popular remedies, viz.: Dr. Thurmond's Lone Star Catarrh Cure, Dr. Thurmond's Lone Star Blood

Done for an X.

Special to the Gazette.

GALVESTON, TEX., Aug. 4.-A visitor from the country was confidenced out of \$10 at the Beach lawn last night, on the check racket. The police have several sharpers spotted and will nail them the first time a trick is turned. The city is full of interior merchants,

who are buying stocks of merchandise.

N. E. Grammer, south side of square continues to handle Dr. Thurmond's Lone Star Catarrh Cure, Dr. Thurmond's Lone Star Blood Syrup and Sugar Chill Cure. If you have blood troubles or catarrh try the popular remedies.

Special to the Gazette. TERRELL, Tex., Aug. 4.—Jim Gibbs is back in Terrell after having spent several days in Dallas. He says one bone of his left hand was broken in his engagement

SPECIAL NOTICES.

Chancery Sale. Chancery Sale.

In pursuance of a decree of the honorable Circuit Court of the United States in and for the Northern District of Texns, rendered at Eli Paso, Texas, on the 14th day of April, 1880, in the cause of Gregory, Cooley & Co., plaintiffs, vs. Nunn Bros. & Wilkes et al., defendants, I, as special master in chancery, appointed by said decree, and duly qualified as therein required, will on the first Tuesday in August, A. D. 1890, it being the fifth day of said month, at he door of the courthouse of Mitchell county, in Colorado City, Texas, sell the property hereinafter named to the highest bidder at public auction, all accepted bids to be paid as follows: Ten percent. of such bid paid to me in cash before the sale closes, and the balance to be paid to me at El Paso, Texas, on the first Monday in October, A. D. 1890, upon confirmation of said bid and sale by the said Circuit Court to be held at said time, said ten per cent, to be forfeited upon failing to complete said purchase by payment of balance of such bid. The property to be sold is as follows: All that stock of cattle belonging to John W. Nunn, running and ranging in Terry, Hockley, Scurry, Mitchell and adjoining and adjacent counties, branded NUN and marked crop and underbit in each ear, estimated to be between 10,000 and 12,000 head. All that undivided one-half interest of John W. Nunn in and to that certain stock of cattle running and ranging as aforeest of John W. Nunn in and to that certain stock of cattle running and ranging as afore-said, branded V4, and marked crop and under bit in right and under half-crop in left ear, esti-mated to be between 750 and 1500 of said undi-

whited interest.

Also the saddle and stock horses running and ranging in the counties aforesald, belonging to Nun Rros. & Wilkes, branded in any of the following brands, to. wit: NUN, POL. W. and some unbranded, estimated to be from 10s to 500 kmsd.

Some distanced, castinated to be from hos to some distanced, castinated to be from hos to some fixed by the first sections of land described as follows:

Survey No. 50, Block ix, granted to C. & M. B.
R. Co. by certificate No. 120 640 acres. Survey No. 28, granted to E. L. & B. B. R. B. Co., certificate No. 1305, 640 acres. Survey No. 3, granted to E. L. & B. B. B. Co. by certificate No. 1506, 640 acres. and Survey No. 67, Block No. E. granted to E. L. & R. B. B. Co. by certificate No. 1209 640 acres.

N. HOCKLEY COUNTY.

granted to E. L. & R. R. R. Co. by certificate No. 1806, 610 acres. and Survey No. 57, Block No. E. granted to E. L. & R. R. B. R. Co. by certificate No. 1220 640 acres.

The four leagues of school lands granted to Wichita county, known as surveys Nos. 17, 18, 19 and 20, amounting to 428 acres each. The four leagues of school land granted to Wilbarger county; known as surveys Nos. 5, 5, 7 and 8, amounting to 428 acres each. The four leagues of school land granted to Ducley county, known as surveys Nos. 9, 10, 11 and 12, amounting to 428 acres each. The four leagues of school land granted to Ducley county, known as surveys Nos. 9, 10, 11 and 12, amounting in the aggregate about 53, 125 acres of land.

Said property, as is provided in said decree, will be sold in the following manner: I will offer each brand of cattle by itself and the stock of horses by itself and then offer the cattle and horses altogether as a whole. I will then offer the lands as follows: All of the four sections of land in Terry county, or perhaps one section at a time as Famy on the sale day determine to be best. Then the four leagues of Wichita county lands as a whole, subject to a vendor's lien of 520,000, due in 1965, interest at 5 per cent. payable annually. Then the four leagues of Wilbarger county lands as a whole, subject to a vendor's lien of 520,000, due in 1965, with interest at 8 per cent. per annum, payable annually. Then the four leagues of bonley county lands as a whole, subject to a vendor's lien of 50,000, due in 1965, with interest at 8 per cent. per annum, payable annually. Then I will offer all the lands as one lot. Then I will offer all the lands as one lot, and whichever bid or aggregation of bids shall be the lighout will be accepted by me, and the sale made and deciared accordingly.

Said sale is to satisfy certain indebtedness adjudged against John W. Nunn in said decree in land decree, and this sale of ordered, and also to satisfy certain other indebtedness secured by first mortgage was given by John W. Nunn on all

Notice to Contractors.
